

Education resources- Careers in the food industry

Teaching Resources

Whether you're looking for ways to deliver careers lessons remotely, meet **Gatsby Benchmark 4**, incorporate employability activities into your lessons or an activity for careers day, our resources are flexible to suit your needs.

Download lesson plans, student workbooks and case studies designed to help students link their subjects to employability skills and **showcase career pathways in the food and grocery industry - a vital sector!**

Ideal for remote teaching or in the classroom.

You'll only need to register once.

You can access registration using this link:
