### Girls Who Code: Virtual Summer Programmes

Taken from <https://www.allaboutstem.co.uk/2022/02/girls-who-code-virtual-summer-programmes/> for educational use only.

**Girls Who Code is currently accepting applications for their free Virtual Summer Programmes.**

Eligible applicants have a choice between a **2-week introductory computer science immersion program** or a **6-week self-paced** experience that will allow them to learn in their preferred style.

“We create a welcoming learning environment for girls and non-binary students ages 14-18 years old from all around the world to connect and learn together. We encourage first-time and intermediate coders to apply.”

#### **Apply to Girls Who Code’s Summer Programmes**

During this FREE virtual program, you will:

- Learn how to use HTML, CSS, and Javascript coding skills to make an impact on what matters to you.
- Not a coder yet? No problem! Get an inside look into the tech field.
- Join an international sisterhood of supportive peers from around the world and make lifelong friendships.

All applications are due by 18 March. Watch an informational webinar for additional details and apply via the link:
